The Miracle League of Richmond offers accessible recreational opportunities for children with special needs so that they can participate in a team sport as a member of an organized baseball league.

Their Richmond sports complex includes a custom-designed field with rubberized turf to help prevent injuries, wheelchair accessible dugouts, and a completely flat surface to eliminate any barriers to wheelchair-bound or visually impaired players.

The Miracle League's "Boundless Playground", the first such facility in Richmond, provides a barrier-free playground area where children, with and without disabilities, can develop essential skills for life as they learn to play together.

The Miracle League facilities removes all barriers and opens doors for many families whose children have never participated in an organized sport within an organized league. It is located at Chesterfield County Parks and Recreation's L C Bird High School Athletic Complex.
